DIRECTIONS

Ask your doctor for a 25(OH)D blood test. This dose is for people who are low.

WARNINGS

Do not combine it with other vitamin D supplements without checking your total. Consult your healthcare professional before use if you take blood thinners (vitamin K), are pregnant or nursing, have a medical condition such as high calcium levels or kidney disease, or take other vitamin D or calcium supplements. Ask your doctor for a 25(OH)D blood test. Do not exceed the recommended dose. Do not double up. Keep out of reach of children.
